Wednesday June 15 1886

The Damestie Dector.

Half a cranberry bound on a corn will soon kill it.

Oil of cinnamon will cure warts very nicely, only be patient, and apply often.

Erysipelas is said to be cured by applying to the part affected a paste of raw cranberries beaten.

To remove specks of dirt from the eve, emerse the eye in cool water, then wink and roll the eyeball until the desired result is accomplished.

A good cure for neuralgia can be made by taking the volk of 1 egg, 1 teaspoonful of salt, I teaspoonful of ginger, three drops of turpentine. Beat the ingredients together and spread it on a piece of old muslin, applying the poultice directly to the part afflicted.

To cure a felon take a pint of common soft soap and stir in air slacked lime till it is of the consistency of glazier's putty. Make a leather thimble, fill it with compoposition and insert the finger therein and the cure is certain. This is a domestic application that every housekeeper can obtain promptly.

The Diamond Swindle

The Sacramento Bee's correspondent is very wrong in his account of the "disagond swindle." He says the affair was one that occurred in the "early days" of San Francisco, whereas on the contrary the swindle was a comparatively modern affair. The Bee's correspendent also asserts that Clarence King examined the alleged diamond fields and reported favorably upon them. The truth is that Clarence King and George Hearst found those fields and exposed the swindle. It was another expert beside King who reported the diamond ground to be gennine.

Inyo Marble.

C. Mulholland, of the Inyo Independent, who has been attending SUNDAY, JULY 4, '86 the State Irrigation Convention in San Francisco, wert through Dayton or, his way home last Sunday. He informed the News-Reporter that the report that the Inyo mar. FULL BRASS BAND ble is not of good quality is false. It has been pronounced by experts to be as good as any in the world. In a short time a mill will be erected at Reno or at the quarry to dress this marble into suitable shape for the market.

The Political Sacks.

What we need is a campaign peet in this State to write stirring songs for the candidates .- Times-

How would John G. Saxe do?

-Some of the admiring friends of George Washington Childs of the Philadelphia Ledger are talking of him as a Presidential candidate. As the Ledger was never known to express an opinion when it could possibly avoid doing so, Mr. Childs can point with a good deal of confidence to his record as a public man. It could scarcely be more innocent had he been dead the past thirty years. His leading editorial on the morning after the firing upon Sumter was an able essay on printed calicos.-Post.

This is why Childs is the richest newspaper man in the United States. The real secret of newspaper and political success is to keep mum on everything.

-Mary Anderson is commonly supposed to represent a higher type of art than Lydia Thompson, but it is said that she is not above taking lessons of the ancient soubrette. In "Parthenia" Mary found herself too cold and stiff for the part, and Lydia had to teach her how to be sweet. One critic declares that the most beautiful part of Miss Anderson's performance was spoiled for him because he recognized it as the exact copy of Lydia Thompson in her comic song: "Chucking Him Under the Chin."

-A well known ballet dancer of irreproachable character, when asked if changing her short skirts and tights for the long robes of Katisha in a "Mikado" ballet did not annoy her in dancing, answered: "Ne, notthat way, but I felt awfully ashamed when I first appeared in it."

-Stewart says that Col. Fair closed the Mint so as to get the credit of opening it .. Jimmy, it's your turn to chip new,
